NADONALTC is the only professional organization for Directors and Assistant Directors of Nursing in Long Term Care. We currently have 30 state chapters in the United States and have an international chapter in the province of Alberta Canada. We have recently organized a professional Assisted Living Association for Nurses known as "The National Assisted Living Nurses Association (NALNA)". Our foundation is built on providing education, communication and resources that our members need to provide exceptional care to their residents. We recognize the role and value that our benefactors can bring to our NADONALTC members and the value we can provide to you.

MISSION AND VISION - It is the charter of this association to promulgate and foster a network of Directors of Nursing and Nurse Managers in long-term care and assisted living. To that end, this association endeavors to provide education, communication and service to the members it serves. Through the NADONALTC Code of Ethics, Constitution and Charter, this association will support and promote quality of care for those individuals receiving post acute care, and concern the caregivers.
