Guidelines for Poster Presentations

Overview

A poster presentation is a succinct, visual display that conveys information to interested individuals in an easily comprehended format. Poster presentations are held in a designated area of the Exhibit Hall or other common area. During the exhibit time, you will be asked to stand by your poster and answer questions or discuss your project with colleagues who share similar interests.

Your poster must fit on a 4' high and 8' wide, floor-standing, double-sided poster board made of cork. A table and chair will be made available to you during the exhibit times. An uncluttered, readable, visually appealing poster will attract participants so you may share your ideas with them.

(continued on next page)

The following content areas may be addressed in your poster presentation:

Title
Author(s)
Introduction/overview
Problem, hypothesis, objective, program description
Intervention plan, steps of implementation
Evaluation of results or outcomes

- Each presenter must register as an attendee to display a poster presentation. There is not a charge for presenting a poster
- Information presented must contain information that is pertinent to nurses in LTC and/or Assisted Living
- No more than two (2) individuals should be stationed at the display
- Poster presentations are to be set up prior to the first opening of the Exhibit Hall Dates and times to follow.
- Presenters are responsible for mantling and dismantling of displays
- Presenters should be present during Exhibit times
- Display will be on floor-standing, double-sided poster board made of cork. Posters should not exceed 4' in height and 8' in length. Tacks will be the best way to mount your poster.
- Non-commercial brochures/handouts may be distributed
- Commercially driven presentations are prohibited
- Poster presenters are invited to attend exhibits on Monday & Tuesday at no cost
